

MFPL Group Leader

Dieter Blaas

Dieter Blaas studied Technical Biochemistry at the Technical University of Vienna to obtain the title Diplom Ingenieur. He then moved to Montpellier, France, where he prepared a PhD on a protein kinase of retroviruses. In 1979 he returned to Vienna and took a position as University Assistant; he obtained the *venera docendi* for Biochemistry in 1991 and is currently holding a position as Assistant Professor at the Department of Medical Biochemistry.
